Quiz Instructions

It's time to check your knowledge! Use this quiz to create a custom study guide. Note any answers that were marked incorrect, so you can study the relevant material and try this quiz again.

If you don't know the answer to a question, please do not guess. Instead, select "I don't know". It's OK not to know everything and to admit when we're unsure.

Check the **Active Record Validations docs (https://guides.rubyonrails.org/active_record_validations.html)** if you need help!

Question 3	1 pts

Which of these validations is most appropriate for making sure that a model's **name** is not empty?

Check the **Active Record Validations docs (https://guides.rubyonrails.org/active_record_validations.html#validation-helpers)** if you need help!

○ validates :name, length: { minimum: 0 }

○ validates :name, inclusion: 1..10

○ validates :name, acceptance: true

○ validates :name, presence: true
